

Results of the balance of interests test

We have concluded that the interests of our Company as regards the processing of the personal data evaluated in this balance of interests tests outweigh the interests of the Data Subject regarding the protection of their personal data, specifically due to the following reasons:

- our Company has a clear interest in processing the personal data in question, as we are required to assign a contact person to all contracts signed in relation to or with the aim of the Company's operations, for the purpose of handling legal affairs;
- processing the personal data evaluated in this balance of interests tests will not significantly damage the interests of the Data Subject;
- the assurances provided as well as the data protection and data security measures taken by our Company will mitigate any damages to the Data Subject's interests suffered as a result of the processing of the personal data in question.
